PRODUCT INFORMATION

Organic BioLink Boron Fertilizer can be used to correct and prevent boron deficiencies in all plants.

Organic BioLink Boron Fertilizer is an essential plant nutrient that is involved in sugar and carbohydrates development.

Organic BioLink Boron Fertilizer is readily available to offer improved uptake by roots and foliage, providing a quick boost to plants under nutrient stress and correcting deficiencies.

DIRECTIONS FOR USE

SHAKE VIGOROUSLY BEFORE USING. Due to the organic nature of the product some settling may occur.

CAUTION: This product contains boron, which may be harmful to certain crops. Contact your local county agency for specific information. This product should only be used according to label instructions.

Organic BioLink Boron Fertilizer can be applied to all crops including fruit trees, vines, tree nuts, fruits and vegetables, field and row crops, ornamental trees, shrubs and flowers, containerized plants, and turf.

Foliar Application: Use ½ to 2 quarts per acre. Apply to the plant foliage to the point of run-off, throughout the growing season as needed. On vegetables, field and row crops, apply when plant is 8 to 12 inches in height, continue application every 2 to 4 weeks as needed.

Soil Application: Use 1 to 4 quarts per acre. Apply through the drip system or injected in to the soil. This product can be mixed with pre-plant fertilizers or applied with side dress fertilizers.

WARNING: Perform a phytotoxicity test on a small plot before large-scale application. To lower the risk of phytotoxicity, applications should be made early morning or late evening.

Net Contents / Net Weight:
 1 QUART (.95 L)/2.3 LBS (1.10 KG)
 1 GALLON (3.9 L)/9.51 LBS (4.38 KG)
 2.5 GALLONS (9.5 L) / 23.75 LBS (10.79 KG)
