## **DEALERSHIP CRITERIA**

### **\* WHAT MAKES YOU A DEALER**

Dealers need to be actively selling and promoting our product line. If you have not purchased from us within two years of time then your dealer status may be canceled. You cannot receive dealership status if you are only using these products for yourself. To be a dealer you will need to fill out our credit application and dealer agreement form and return it to us. We also review the amount dealers spend in a year and we require that you spend at least \$2500.00 for your first year as a new dealer. After one year the minimum to maintain your dealership is \$5000.00 per year. First order minimum is \$1000.00 and pre-paid.

### **\* DIFFERENT WAYS TO BE A DEALER**

You can choose to be a dealer for a specific product line, or a dealer who coordinates large orders at several times throughout the year, or a dealer who carries a variety of items in your retail outlet. What we have found is that dealers that actually stock items sell twice as much product as dealers that only coordinate orders.

### **\* WHAT TO SELL**

We would like dealers to carry a variety of items both in the liquid and dry form. Having a variety of items for multi-purpose gardening needs draws a larger clientele to you. **RETURNS:** if you have no luck selling an item then it can be retuned up to one year from purchase date. These items can be exchanged for other items you may need. No cash refunds and no exchanges if bags or containers are damaged or liquids have been frozen. Certain liquid and dry items that have a shelf life may not be exchanged or returned after a certain amount of time. There are no returns on discontinued items, closeout items and special order items. You must provide an original invoice for returns. All returns must be made no longer than one year from purchase date.

### **\* ORDERING, PICKING UP, DELIVERIES AND DROP SHIPMENTS:**

We require that all larger orders (more than 8 items) be submitted by our order form. We prefer that you email your order form to us, but if you need to fax it please call before faxing it over. Smaller orders can be emailed without the order form. NO phone orders please. Products can be picked up directly from the farm. We require 24 hours notice for farm pickups. Deliveries are available for partial, full pallets or individual items. **Drop shipments and special order items:** Drop shipments from Seven Springs Farm or from one of our vendors are available direct to your customer. Call or email for a shipping quote. When you request a shipping quote send over the zip code for the location we are shipping items to. All shipments are sent as blind shipments.

### **\* SPECIAL NOTE ON REPACKAGING**

Dealers can re-package any liquid or dry fertilizers and re-label those products. You are not allowed by EPA law to repackage any pest controls with an EPA registration.

### **\* IN REGARDS TO CUSTOMER SALES**

We have a very large customer base and we do not always know how people find us. Since it is very difficult and time consuming for us to keep track of whom your customers are and issue you credit towards their sale when they come direct to us, we have come up with the following policy. In order to receive credit for any sales from your customers that want to buy direct from us, you will need to be fully in charge of the sale. What we mean by this is that you need to take the order from the customer and bill your customer direct. We will need to have the order from you, (fax, email), give us the time that the customer will pickup the order or have them call us to arrange a time. We will then load them when they arrive here and bill you at your dealer pricing.

### **\* PAYMENTS AND CREDITS**

Dealer accounts are setup as **NET 15 days from purchase date**; after 15 days there is a 1.75% interest charge on the balance due to be billed every 30 days. Please note that every invoice will include a payment due date and also include a statement noting that there will be a \$10.00 late fee if the payment is not received to us by that date. **The only way we can accept credit cards from dealers is if you pay a 3% fee. This is not just a one-time fee but a fee added each time you request that we run your credit card.** For new dealers first time orders require pre-payment by check before we ship your items to you. NO EXCEPTIONS. There is a \$30.00 return check fee if you bounce a check on us. Wire transfer fee is \$15.00.

### **\* WHAT WE PROVIDE**

We can provide a certain amount of advertising for you. We usually do a joint ad in different newsletters that include a list of certain active dealers in that state. We also represent you at trade shows. We send customers your way when possible. We have lots of brochures and information available on our product line. We give you fast customer service and shipping and get your questions answered. We can also list certain very active dealers on our web page.
