PCO has conducted a complete review of documented processes, and performed an on-site audit 9/16/2009 to determine compliance with the NOP Liquid Fertilizer policy dated 12/14/2009.

The following Fertrell products are approved for use in NOP organic production by Pennsylvania Certified Organic:

This approval is for the period from October 1, 2009 – Oct. 1, 2010. Please be aware that in order to maintain PCO approvals for these products we will be required to conduct an unannounced inspection at some point during the year when manufacturing is in process.
