For Further Manufacture of Feed

Guaranteed Analysis:

Selenium (min)..... 240 PPM
Vitamin E (min)..... 12,000 IU/LB

Ingredients:

Vitamin E Supplement, Calcium Carbonate, Wheat Middlings (certified organic), Sodium Selenite.

Feeding Directions: Vitamin E / Selenium Premix is only to be used under guidance of a qualified nutritionist. This product is intended for further manufacturing. It is added to feed as follows:
1. In complete feed for chickens, swine, turkeys, sheep, cattle, and ducks at a level not to exceed 0.3 part per million.
2. In feed supplements for limit feeding as follows:
- Sheep: At a level not to exceed an intake of 0.7 milligram per head per day.
- Beef cattle: At a level not to exceed an intake of 3 milligrams per head per day.
3. In salt-mineral mixtures for free-choice feeding as follows:
- Sheep: Up to 90 parts per million in a mixture for free-choice feeding at a rate not to exceed an intake of 0.7 milligram per head per day.
- Beef cattle: Up to 120 parts per million in a mixture for free-choice feeding at a rate not to exceed an intake of 3 milligrams per head per day.

Caution: Follow label feeding directions. The addition to feed at higher levels of this premix containing selenium is not permitted. Consult your local Fertrell Dealer for more information about feeding Vitamin E / Selenium Premix.
