

Dirtcraft Organics LLC  
PO Box 1001

January 10th, 2020

To Whom it May Concern,

Levitation Seedling Mix is comprised of 100% organic and NOP compliant ingredients. We maintain up to date documentation on all of our suppliers ingredients and can happily forward them to your certifying agency for verification. The following ingredients are used in our Levitation Seedling Mix:

Coconut Coir from Pro Source Plus	- NOP Compliant (affadavit on file)
Aged Bark Fines from Pro Source Plus	- NOP Compliant (affadavit on file)
Organic Compost from Earth Farms Organics	- OMRI Certificate on file
Rice Hulls from Riceland Foods	- OMRI Certificate on file
Diatomaceous Clay (Geobond) from Bennet Mineral	- OMRI Certificate on file
Chargrow Biogranules	- NOP National List
Kelp Meal from North American Kelp	- OMRI Certificate on file
Gypsum from Ida Gro	- OMRI Certificate on file
Blood Meal from Mason City By-products	- NOP National List
Bone Meal from Par 4	- OMRI Certificate on file

Please do not hesitate to contact me directly if you need further documentation on any of the ingredients in our products. This product has been verified by several third party certifiers so check with your agent to see if we are already on their list. Thank you.

Sincerely,

Adam Schwartz, Owner/Operator
